BLACK POINTS SYSTEM IN DUBAI

For those who may be wondering what 'black points' on the above lists are, they are points assigned to a drivers' license when the driver is found in violation of certain Dubai traffic laws. This black point system in Dubai was introduced by RTA to motivate safe driving practices amongst motorists in Dubai. If a driver receives a total of 24 black points, they can face their licence being revoked and bans from driving any kind of vehicle for a year.
